When somebody brought the mongoose from the Atlantic islands to its new nome here in the midst of the Pacific it was because of the known animosity of the little beast towards the rat. The importer did not expect, nor did anyone else have any suspicion, that within a few years the lamb and the lion would lie down in company nor that the rat and the mongoose would bury the hatchet and set up housekeeping together. But, with the evidence afforded by a strange little hybrid behind the bars at the Zoo, it would seem that just this very thing has happened.

Last week A. V. Peters, employed in frontage, best view in tract. the warehouse of M. A. Gonsalves & Co., found that something was making a practise of feeding off the labels on the canned goods in stock, showing a decided preference for that class of goods whereon blushing peaches and golden pears were lithographically displayed. The humble string bean and little dwarf pea were regularly passed up. There was a noise like a mystery and a rat trap was rigged up to SONOMA JUNE 5 has the appearance of a diminutive mongoose and the actions and habits

At the Zoo they are of the opinion that the captive is of mixed breeding. If so it would show a wonderful change in the natures of its strangely mated parents. If it is not, what is it and how did it come to be eating labels upstairs in the Gonsalves building?

LONG DISTANCE PACIFIC CABLE

The Shanghal correspondent of the Mainichi telegraphs that the S. S. Silvertown, which is laying a telegraph cable between Manila and San Francisco, arrived at Woosung on the 1st. It is said that a company is to be formed at Shanghai under the name of the Pacific Submarine Telegraph Company, for the purpose of establishing a direct service between Shanghai and San Francisco.-Kobe Herald, April 4.

URGES SHIP BILL.

WASHINGTON, April 15 .- Japanese commercial aggression on the Pacific is being used by the advocates of the ship subsidy bill as an argument with which to induce President Roosevelt to come to the assistance of the measure now in the House Committee.

Representative Humphrey of Washington and Harvey D. Goulder, president of the American Merchant Marine Association and counsel for the Lake Carriers' Association, called at the White House yesterday and conferred with the President relative to the necessity for action in behalf of the merchant marine at this session of Congress. These gentlemen stated that the American shipping industry is rapidly | 7391 getting in a bad way on the Pacific as on the Atlantic, owing to the competition of British, and especially Japanese, ship owners with the Americans,

Representative Humphrey and Goulder stated that not only had the Japanese subsidized lines, but they were believed to be carrying on negotiations for the acquirement of sqveral ships flying the American flag. The callers gave it as their opinion that unless prompt action is taken by Congress to provide for the encouragement of the American merchant marine by direct subsidy, such as is contemplated in the bill which passed the Senate, the American flag will soon be notable on the Pacific principally because of its absence.

President Roosevelt has under consideration the sending of a special message to Congress urging the enactment of subsidy legislation. Heretofore he has been inclined to agree with those Republican leaders who argue that it will be best to postpone action until Sheridan, sailed for Guam and Manila, after the Congressional elections of this fall, but so strong is the complaint lieved he will use his influence toward earlier action.
